

# Matteo Dante

## FULL STACK DEVELOPER

### SUMMARY

Hi, I'm Matteo Dante, a 24-year-old full-stack developer with 5 years of experience. Throughout my career, I have gained a strong understanding of backend and frontend development using programming languages such as Python, PHP, and Javascript. I'm also proficient in popular frontend frameworks like React and Vue. My expertise in software engineering principles, design patterns, algorithms, and data structures enables me to deliver high-quality development solutions. I'm passionate about technology, always keeping up to date with the latest developments in the field. Outside of work, I enjoy playing video games, watching movies, and working out.

### EDUCATION

#### La Sapienza di Roma University
